

72 FOOT ARBORIST BY ARBORISTS

Designed to get you into the tightest scenarios while being fully armored to withstand the tests of tree work, it is truly the only of its kind.

- *Heavy Duty Shield Package*
- *Variable-Width Undercarriage*
- *Air, Water, 110V in the basket*
- *12V Electrical Emergency Decent System*
- *Full weight, full side reach*
- *Super light and easy to transport*
- *Easy access to any maintenance component*
- *Simple but precise in use*

STABLE. COMPACT. VERSATILE.

The 72ft Arborist by Arborists is the most ruggedized tracked spider lift on the market, as it is vastly simplified for the extreme rigors of tree work and all-weather/all-terrain operations. Tracked Lifts worked with Platform Basket to design the 72ft Arborist by Arborists with all hydraulic systems, motor, and electrical components fully armored with the intent of increasing the safety of operators and reducing the risk of damage during tree work. This specialized arborist lift is an ultra-capable general use machine, offering simplicity and unsurpassed reliability with live-hydraulic redundancies to provide the upmost safety and dependability for operators.

SPECIFICATIONS

Max. working height	72'
Max. outreach	34' (at 300 lbs)
Max. basket load	300 lbs
Basket size	2'7" x 2'2" x 3'7"
Basket rotation	N/A
Turret rotation	365°
Traveling length	20'7" (19'3" without basket)
Traveling height	6'9"/7'1"
Traveling width	34.5"/44"
Operational width	Outrigger spread - 12'9" x 12'11"
Battery	12V emergency descent system
Diesel engine	Kubota Diesel, 15HP
Total weight	6,900 lbs
Gradability, max. across slope up	17°
Gradability, max. up and down slope	16°
Deployment ability on slopes up to	17°

ADD-ON OPTIONS:

- *White Rubber Non-Marking Tracks*
- *Custom Colors*
